

#### Test Case 1:

##### Description:

When a user clicks the button "See all bots" all the bot cards should populate on the screen

##### Test Step:

Click the button "See all bots"

##### Expected Result:

When a user clicks it should populate the screen with all the bots

#### Test Case 2:

##### Description:

Users should only be able to add 2 bots to their duo

##### Test Steps:

Click the button "draw"

Click "add to duo" on the bot you want to add

After adding 2 bots to your duo try to add a 3rd bot

##### Expected Result:

When a user tries to add a 3rd bot an alert should pop up on screen saying "You can only choose two bots!"

#### Bug Report:

##### Description:

When a user wins it logs it as a loss

##### Steps to reproduce:

Click the button "draw"

Click "add to duo" on the 2 bots you want to add

After adding 2 bots to your duo click "duel"

Repeat this until you get a "you won" on the screen

##### Expected Result:

When a user wins a duel the wins field should increase by 1 each time

##### Actual Results:

When a user wins it will log it as a loss and never a win.

##### Environment Sections:

Chrome version 95

MacOS Big Sur
